AGENDA

- **Film Screening & Discussion: "Dislecksia, The Movie"**

Filmmaker and dyslexic Harvey Hubbell V explores the unique nature of how each of us learn and the challenges of having the learning differences of dyslexia. Celebrities, students and brain scientists are profiled in this lighthearted documentary. Dyslexia is explored as the film captures the otherwise complex issues of learning differences in a manner that allows the audience to recognize the differences and honor the gifts in all of us. Parents and students welcome.

- **Discussion following film**
